Hi Keith, the photos are great as usual, I like to see what the sky looks like and it is nice to see the sun shining and they are so clear, I like to see the sun shining back home, has there been any snow yet?, although we don't live a great distance from the sea, it is not like living right at the sea like I did in Dysart. Thank you again and have a great Christmas don't over do the eating etc. Ann [REDACTED]
