**Hi Hamish,** It is good to see the site is still developing. I took a look at the gallery and have a question or two.

Is this section available for all members to include their own albums?

If so, then how does one go about it? There are no 'create' buttons, tabs or icons.

I notice that the gallery section is 'members only' so I assume the intention is for members to be able to create albums and upload images - but we are all left wondering "How?"
